

The LDV Deliver 9 Van

**DELIVERS MORE**  
**FOR YOUR BUSINESS**

Designed to keep you and your business moving day-in, day-out, the LDV Deliver 9 range of heavy commercial vans can get any job done. Quickly and easily.

Available in three van sizes, Deliver 9 boasts the latest design, a gutsy, can-do diesel engine, a wide range of advanced safety features and a comfortable, tech-filled cabin that doubles as your office on the move. There's also plenty of cargo space up back along with easy access, side and rear.

There's even a customisable cab chassis version. Just to make sure you have exactly the right van for your business.

Versatile, functional, comfortable. And lots more. The Deliver 9 is the workhorse you need to take the worry out of your working day and really deliver for your business.

## BUILT TO CARRY THAT LOAD

Roomy, practical, and designed to make your working day easier, the Deliver 9 Van range is equipped with big volume load areas that can carry between 9.66m<sup>3</sup> and 12.33m<sup>3</sup>.

Along with its impressive floorspace, Deliver 9 Vans boast an easy sliding side door with an opening width of 1269 mm, plus rear doors that open up to 180° – so you can get things in and out easily. And with an Options Pack upgrade you could take this out to an extra-wide 236° on the LWB models.

A low rear step on the vans makes it easier than ever to load awkward or heavy items, and eight heavy duty cargo tie down rings help secure every type of payload. You'll also appreciate the solid, well placed grab handle that saves you effort in loading and unloading.

Illuminated LED lighting in the load compartment means early morning starts or long working days are never a problem.

Deliver 9 can keep your business moving. 24/7. 365 days a year.

Wide view rear overhead camera

LED illuminated rear cargo lighting

Heavy duty, non-slip  
hard rubber flooring
