

## Service is Open – And We're Here for You

We're thinking of you during these strange, pandemic-influenced times that we're living in. We hope that you're staying home and staying safe, as we all do our best to adhere to the shelter-in-place mandate in an effort to stop the spread of the coronavirus. With less busyness on our daily to-do lists, many people are taking this time to rest more, or to go within and regroup. Maybe read a good book, stream some TV shows, reach out virtually to family and friends, or do that research you've been meaning to get to for so long.

As an auto service provider, Bussani Mobility is considered an **essential business** by the Department of Homeland Security – and **we are open**. Some of our processes have changed to comply with new regulations set by the government, but we remain committed to assisting with your mobility vehicle needs. **Here's how we can help...**

# Service is open by appointment

The auto shops at all three of our locations (Bethpage and Smithtown on Long Island, and Mamaroneck in Westchester) are open. We know how much you rely on your mobility vehicle. If your accessible vehicle needs mechanical repair, call us at **888-379-4709** to make an appointment.

[Schedule A Service Appointment](#)

# Free pick-up and delivery

We're offering free pick-up and delivery if your vehicle needs servicing. This is also a perfect time to **get your wheelchair accessible van tuned up** and to have a **routine mobility equipment check done**...so it's ready to go when the quarantines are lifted. You stay home, safe and sound...and we'll take care of everything for you, with **door-to-door service**.

# Sanitizing for safety

We **sanitize all vehicles prior to and at the completion of service** and transportation. We've put strict guidelines in place that all of our staff are following to help keep everyone safe.

# Sales by appointment

Our sales and administration teams are all working from home at this time. We're adhering to the social distancing regulations, but we're available by phone, email or video chat. If you've decided to do some research into accessible vehicles at [www.BussaniMobility.com](http://www.BussaniMobility.com) while you're sheltering-in-place at home, we can answer any questions you have and guide you to the vehicle that's just right for you. We can also show you any vehicle via a virtual video tour.

# Rentals when you need them

A wheelchair accessible vehicle rental would come in handy now if you don't already have your own vehicle but you need to get a doctor's appointment or to do other essential errands... and you don't want to risk riding on public accessible transportation. **Daily, weekly and monthly rentals are available at great rates.** And again, a strict sanitization process is in place for all of our fleet.

[Learn More](#)

Rest assured that Bussani Mobility is taking every precaution to make sure our clients, staff and families remain safe and healthy during this time, while continuing to assist with your mobility vehicle needs. Let's all stay positive and strong. We will get through this. And better times are ahead for all of us.

In the meantime, **we're here for you by phone, email, video chat, or in person by appointment.** Let us know how we can help.

Stay safe,

*The Bussani Mobility Team*
